SOCIETY IN FORMATION OF ISRAEL-BASED CFA® CHARTERHOLDERS

NEWSLETTER

## Congratulations to the new CFA® charterholders

ISIP (Israel Society of Investment Professionals) is delighted to be able to congratulate two new Israel-based charterholders who were awarded their CFA® charter following their successful completion of the Level III exam in the summer.

### Tal Nevies, CFA

Tal (Neil) emigrated to Israel in August 2015. Whilst waiting in the Misrad Klitah (Immigration Office) at the airport he

received the email from the CFA Institute informing him that he had completed his third and final CFA exam.

Tal worked for Oceana Investment Partners LLP, an integrated family and investment office whilst in the UK and is going to continue working for them whilst in Israel.

### Roman Chernishev, CFA

Roman started his professional career in the former Soviet Union in 1990, choosing to learn economics at one of the Russian Universities.

Moving in 1996 to Israel, he continued his education, graduating from Ben Gurion University School of business with a Masters Degree in Finance.

He has been working for over 10 years, primarily as a private market maker of Israeli government bonds at the Tel-Aviv Stock Exchange.

According to Roman, "the CFA Program opened my horizons and gave me a different and unique understanding of the nature of financial markets."

Congratulations to both Tal and Roman. We are glad to welcome them to the growing number of CFA charterholders in Israel.

### Events for 2016

We are currently planning a number of events for CFA charterholders and the wider Israeli investment public for the coming twelve months, including company briefings, speed networking and hosting a visit by Paul Smith, CFA, President and CEO of the CFA Institute.
