SOCIETY IN FORMATION OF ISRAEL-BASED CFA® CHARTERHOLDERS

NEWSLETTER

Congratulations to the new CFA® charterholders

ISIP (Israel Society of Investment Professionals) is delighted to be able to congratulate two new Israel-based charterholders who were awarded their CFA® charterholder in October 2014

Yishai Last, CFA

Having grown up in London and after working in the UK at Barclays Wealth & Investment Management for 4 years, Yishai moved to Israel in the summer of 2014. After mandatory completion of Level 1 of the CFA® Program, Yishai decided to pursue completion of all 3 Levels with the hope that it would further his career prospects, particularly as he had plans to move abroad.

Yishai works at a multi-family office based in Tel Aviv.

Kian Rohani, CFA

Kian has worked at the Baha'i World Centre in Haifa since 2013. In his role as Treasurer he oversees the short-term and long-term liquid financial assets of the Baha'i World Centre.

Previously, he was working as a Sales Trader for Saxo Bank in Copenhagen, Zürich and Singapore, advising institutional clients across all asset classes.

He chose the CFA program because he wanted to acquire the necessary knowledge that would allow him to better navigate in the complex field of investment management and because it sets the highest educational and ethical standards for investment professionals.

Do you want your company to be associated with the best talent in the financial industry?

Sponsorship opportunity

The Chartered Financial Analyst® qualification is recognized as the most respected and recognized investment designation in the world.

We are looking for a company or organization who would be proud to be associated with a growing society of Israel-based CFA charterholders, who are working to promote the ethics, values and knowledge of the financial sector in Israel.

Please contact me for further details of this opportunity:
