## Updates from Israel Society of Investment Professionals (ISIP)

### CFA Institute Research Challenge - the Israel Final!

The CFA Institute Research Challenge is days away from the local final here in Israel.

Two universities – Tel Aviv University and Hebrew University of Jerusalem - will be battling out for a place in the Regional Final in Zurich in a few weeks time

The competition is a global event that includes over 1,000 universities from more than 85 countries. We are excited that this is the first year that universities from Israel are taking part, and one university team is guaranteed to take part in the regional finals in Switzerland.

The final is **this Sunday 3rd March** – taking place at the David Intercontinental Hotel in Tel Aviv.

As well as the presentations by the universities teams of their Research

findings, there will be refreshments served and an opportunity to network with other investment professionals.

Entry is free and open to all. But you must register: [cfaresearchchallenge.eventbrite.com](http://cfaresearchchallenge.eventbrite.com)

Places are limited – if the event has sold out when you try to register, please email either of the addresses given on the Eventbrite page and we can let you know if there is still space remaining.

### Application for full CFA® Society status

The application process is well underway and we hope to have news during the course of this year. Thank you to all Charterholders who submitted founding member forms.
